ORGANIC
ADVICE NETWORK

THE FIRST EUROPEAN-WIDE
NETWORK OF ORGANIC
ADVISORS AND ADVISORY
SERVICES

organicadvicenetwork.eu

CONTEXT

The EU has set the target of reaching at least 25% organic farmland by 2030. This requires the entry of about 700,000 new farmers into the organic sector, more than doubling of the current organic land area and a substantial increase in supply chains and the complete range of support services.

Advisors with organic competences are essential to reach the 25% target. We estimate that the sector needs about 15,000 advisors in the EU, who can support the new organic farmers.

OUR MISSION

We are creating a strong European network of experienced and new advisors.

OrganicAdviceNetwork supports this target by creating a strong European network of experienced and new advisors with organic farming expertise, offering in-person and online knowledge exchange and training. Moreover, the project will strengthen the development of organic advice through policy recommendations.

DIVERSE NETWORK

MAIN OBJECTIVES:

1 Create a **strong European-wide network of advisors** with organic farming expertise

2 **Inspire and challenge** the mindsets of advisors and farmers

3 Enhance **advisors' knowledge** about organic farming practices

4 Improve **advisory methods**

5 Contribute to building organisational **capacity of advisory services**

6 Highlight specific needs for policy support for **strengthening organic advisory services**

WITHIN 27 MEMBER STATES & 7 OTHER EUROPEAN COUNTRIES

CONSORTIUM PARTNERS

THE PROJECT COVERS 5 AGRICULTURAL SECTORS:

North-West	Arable, ruminants, vegetables
North-East	Arable, ruminants, vegetables
Central	Arable, ruminants, fruits
South	Arable, ruminants, viticulture
South-East	Arable, ruminants, fruits
